<p>About Service Retirement</p>	<p>Service retirement is a lifetime benefit. To be eligible for a service retirement, in most cases you must be at least age 50 and have five years of service credit. If you became a new member on or after January 1, 2013 you must be age 52.</p>												
<p>How Your Retirement Benefit Is Calculated</p>	<p>When you retire, your lifetime retirement benefit is calculated using a formula that includes using your years of service credit, age at retirement, and final compensation. Final compensation is the highest average pay rate and special compensation during any consecutive one-year or three-year period based on the employer contract or collective bargaining unit agreement.</p>												
<p>Retirement Formulas and Benefit Factor</p>	<p>Your retirement formula is determined by your employer's contract with CalPERS.</p> <p>Your benefit factor is the percentage of pay to which you are entitled for each year of service. It is determined by your age at retirement and the retirement formula that was contracted by the County of Riverside with CalPERS.</p> <p>Contact your Human Resources or CalPERS to determine your retirement formula.</p> <p>Retirement Formulas</p> <table border="1" data-bbox="462 1094 1482 1213"> <thead> <tr> <th></th> <th>Tier I</th> <th>Tier II</th> <th>Tier III</th> </tr> </thead> <tbody> <tr> <td>Local Miscellaneous</td> <td>3% @ 60</td> <td>2% @ 60</td> <td>2% @ 62</td> </tr> <tr> <td>Local Safety</td> <td>3% @ 50</td> <td>2% @ 50</td> <td>2.7% @ 57</td> </tr> </tbody> </table>		Tier I	Tier II	Tier III	Local Miscellaneous	3% @ 60	2% @ 60	2% @ 62	Local Safety	3% @ 50	2% @ 50	2.7% @ 57
