Release of Information: I authorize any physician, health care practitioner, hospital or other health care facility, clinic, health care service plan, or any other person or entity to release to any health care plan provider of the County of Riverside, a health care service plan, a self-insurer, or any insurance company, or its designee, all medical or personal information related to myself or any covered dependent, including mental health medical records from drug and alcohol abuse treatment or prevention, for the following purposes: Diagnosis or treatment; Payment of health services rendered; Billing, claims management, medical data processing, or other administrative function of the health plan in which I am enrolled through the County; Peer review, including reviewing the competence or qualifications of health care professionals; Utilization review and quality assurance, including reviewing health care services with respect to medical necessity, level of care, quality of care, or justification of charges; Handling of member grievances or appeals, external independent review, or other health dispute resolution; Coordination of care with providers of health care or other health care service plans; Administering the health benefit plan; Chronic disease management programs, to monitor or administer care of a covered benefit; to verify my participation in other healthcare coverage if I elected to waive County sponsored benefit and other uses specifically authorized by law. This authorization is effective immediately and remains in effect for the duration of coverage under my health plan provider through the County of Riverside.

Binding Arbitration: I understand that the health plans that the County of Riverside offers use neutral binding arbitration to resolve disputes between Members, including but not limited to, claims of malpractice (that is, as to whether any medical services rendered under the health plan were unnecessary or unauthorized or were improperly, negligently or incompetently rendered), except for claims subject to ERISA, between myself and the health plan. Any such dispute will not be resolved by a lawsuit or resort to court process, except as California law provides for judicial review of arbitration proceeding. The health plan and myself (and/or any enrolled family member), the parties to this agreement, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of binding arbitration. For additional information about each plan's arbitration provision, I may refer to the Disclosure and Evidence of Coverage, copies of which are available from each health plan.

Changes in Coverage: If you or your dependents experience a qualifying event resulting in a change in family status, you must contact Human Resources to request an enrollment change within 60 days from the date of the qualifying event. If you do not request enrollment within 60 days, you must wait until the next County Annual Enrollment period before you will be permitted to make a change.

Medical Waiver: I understand that if I waive medical coverage offered through the County of Riverside that I am subject to an annual audit whereby, I will have to provide proof of my other group (not individual) medical coverage when requested by the County. If at any time I do not have other group medical coverage, I understand I am not eligible for any Flexible contributions for any month that I do not have other group medical coverage and will have to repay the County for Flexible contributions that I was not eligible to receive.

Health Insurance Portability and Accountability – Special Enrollment Rights: If you are waiving enrollment for yourself and your dependents (including your spouse/domestic partner) because of other health insurance coverage, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be eligible to enroll yourself and your dependents, provided that you request enrollment within 60 days after the qualifying event occurs.

A Notice of Privacy Practices will be included in the Evidence of Coverage booklets and is available on the carrier websites or by calling Customer Service.
